Williamsville 21, New York

Dear Mr. Brauner:

Thank you very much for your report on our reception August 6th. It is very gratifying to know that our transmission is such that we get out to your distance on sky waves.

We are quite new in the business and therefore there are many details which have not been taken care of. One of these is the printing of QSL cards. This will be done some time in the future and your name will be placed on our mailing list.

Thank you very much for your letter and I hope that your DX hunting will continue good.

Very truly yours,

W H H M BROADCASTING COMPANY
