JOHN ULRICH, PROPRIETOR

Dear Radio Friend:

Words are inadequate to express our appreciation of your message, so we will simply say, "we thank you," on behalf of W N B R and our artists.

Broadcasting stations have no way of knowing their entertainment is pleasing, unless they hear from their unseen audience. The artists, of course, can always do their best if they know their efforts are appreciated.

We are anxious to give entertainments most enjoyable, so please let us have your comments often. Your suggestions are always appreciated and at any time we can serve you in our line of Radios, Radio Repairs, and repairs on any make of automobile, please call us.

Again thanking you, and trusting W N B R will be a source of entertainment to you and yours for many more days to come, we are, with best wishes,

Yours very truly,

RADIO STATION W N B R,

By Mrs. John Ulrich
