Dear Sir:

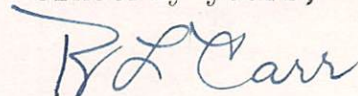

Thank you very much for the nice report of our equipment check of November 8th. I have checked the log and found your report correct, so this letter will verify your report.

W S E V has been on the air for approx. six months. Our operating power is 1,000 watts. All equipment is made by Collins using the 20\*V transmitter. The antenna is a 300 foot stainless steel tower with 240 ground radials 300 foot long. with a 48X48 foot ground screen.

W S E V is located at the foot of the Great Smokie mountians 25 miles from Knoxville, Tenn and 15 miles from Gatlinburgh Tenn which is a vacation spot for the nation.

If you should travel through this section at some time please feel free to drop in and pay us a visit.

Sincerly yours,
