Mr. J. W. Brauner
23 Howard Avenue
Williamsville 21, N. Y.

Dear Mr. Brauner:

We have received your letter of June 16, and was certainly glad to learn that your frequency check had reached up to New York.

We are a rather new station, having started on May 8. We are broadcasting on a frequency of 1510 kilocycles with a power of 250 watts.

We are very proud to receive letters like yours, and are happy to verify your report. We hope that you again find us during one of our frequency checks which we have every Monday morning from 1:00 until 1:15 a.m. CST.

Yours very truly,

Hal S. Christensen
Chief Engineer
