Dear Sir:

Thank you very much for your report of our station on October 3, 1949. At the time we were on the air with special hurricane bulletins throughout the night.

Power at the time was 500 watts with directional antenna and with very little of the power in your direction.

Our regular frequency check period is the first and fifteenth of each month 5:30 to 6:00 a.m. CST.

Happy to say that the hurricane did not hit Corpus Christi at all.

Yours truly,

Harold Griffith  
Chief Eng.
