

K-G-K-L

INCORPORATED

OPERATED BY RADIO DEPARTMENT OF
RAGSDALE AUTO COMPANY

SAN ANGELO, TEXAS

Dear Radio Fan:

We take this means of thanking you for your report on our DX program of Sunday morning Mar. 17th. Considering weather conditions, we are well pleased with the results of our first program of this kind. We received telegrams, cards and letters from 18 States. Illinois led in the greatest number of reports. Mrs. I. S. Olke of 509 W Okla. Ave. Anadarko, Okla. was the lucky winner of the ten dollar gold piece.

The DX Club of the Buffalo News is working on a plan to be used next Radio season whereby all the local stations in the U.S. will cooperate on DX programs. This will give Radio fans a chance to get proof of reception from many stations never logged before.

Again thank you and hope to hear from you again, we are as ever,

Yours truly,

KGKL Incorporated.

P.S. Your report was very much appreciated and from what you say you very probably received our carrier wave as the announcements

you reported check with our records.

We will not be on the air very often with DX programs until next season.

Then we are going to cooperate with your club as to time we broadcast and we will stay off the air when other stations are on with DX, that will get interference from our waves.

Am sending you one of our log books with my compliments. It is one of the best we have ever seen.

Thanking you again we are as ever

Yours truly

K. B. K. Lane

W. J. G. G. G.
