

BORGER  
PHILLIPS  
BUNAVISTA

RADIO STATION

TRI-CITY STATION OF TEXAS' PETROLEUM CENTER

BORGER • TEXAS

October 6, 1949

Dear Mr. Brauner:

Thank you for your report of reception of KHUZ on September 22, 1949.

It may be of interest to know the true location of the transmitter and the type of equipment in use. This territory is known as the "Top or the Panhandle of Texas" as you probably already know.

Transmitter location:

N. Latitude: Degrees 35 Minutes 41 Seconds 5.21  
W. Longitude: " 101 " 23 " 19.95

Equipment:

Transmitter:	Raytheon Type RA 250
Speech Equipment:	Raytheon
Antenna:	Blaw-Knox Self Supporting 230 Ft. high
Ground System:	120 Radials 300 ft. long

At the present time we are conducting frequency checks from 1:00 to 1:15 A.M. on the third Thursday of each month using tone modulation and call letter identification.

It was not a monthly test, it was a make-up test.

Please accept this as verification of reception of this station.

Sincerely yours,

H. E. Kreiger  
Chief Engineer

Mr. J. W. Brauner  
23 Howard Avenue  
Williamsville 21, N. Y.
