

"VOICE WEST OF THE PECOS"

**RADIO STATION KIUN, at Pecos, Texas**

*and verifies*

Acknowledges with thanks your *letter* ..... concerning reception of our signals.

KIUN IS LOCATED AT PECOS, TEXAS. west of the Pecos River in the great Trans-Pecos of Texas. The land of cattle, oil, potash, the home of the Pecos Cantaloupe . . . . gateway to the great Carlsbad Cavern of New Mexico. Your reports and suggestions are always appreciated.

*We are very sorry you have that opinion of our station. It so happens that I have*

KIUN uses a new RCA 100-E High fidelity 100-watt transmitter; has RCA speech control equipment and turntables; employs a new type of 165-foot vertical radiator antenna and radial ground system; and broadcasts on a frequency of 1420 Kilocycles.
