Dear J. W.

Many thanks for your letter and the very nice detailed reception report. We are always very glad to get these and hope you will accept my apsligy for not sending your confirmation on sooner. We surely thought we had done so.

We went thru the old logs and ~~we~~ checked your report and find that it is absolutely correct. That is the report of Jan. 10, 1952.

Very truly yours,

Jack Cecil,
Owner, Chief Engineer
