Dear Mr. Brauner:

Thank you very kindly for your letter of September 28 stating that you had received our station between the hour of 1:45 and 3:05 a.m., Eastern Standard Time. This will verify the reception of which you speak.

We appreciate very much you giving us the detailed information as to the tone and the volume and the accuracy of frequency inasmuch as this was a test program, the first one of its kind that we have put on the air since our station has been in operation. We are contemplating within the very near future of broadcasting several programs during the early morning hours, and when we do this, we are going to drop you a line, and if you will check these for us, it will be greatly appreciated.

Again thanking you for your nice letter, we are,

Yours very truly,
