The South Plains Station with Sales Impact in the Rich Agricultural and Oil Centers of West Texas

LAMESA. TEXAS

12/2/47

Mr. J.W. Brauner
23 Howard Ave.
Williamsville 21, N.Y.

Dear Sir,

This is to acknowledge your fine report of your reception of our station on Saturday, Nov. 29, from 5:52 A.M. to 6:00 A.M. E.S.T., during our weekly frequency check schedule. Your description of our procedure was correct.

Our transmitter is a Gates 250 watt, with a 285 ft. vertical antenna, non directional.

We wish to thank you for your fine report, and would like to hear from you again if you ever hear us during our regular broadcast. Our hours correspond with local sunrise to local sunset.

You may also be interested in knowing that KCRS in Midland, Tex. is testing on 550 KC with 5,000 watts power, and will begin broadcasts within the next very few days. I am sure they would like for you to try to receive them. They have unlimited time.

Respectfully,

E.R. Cornelius
Chief engineer
