Dear Om:

Thank you for your reception report and reminder that I haven't answered. All typewriters are working so will just write it. Your report is definitely verified, that's us.

Phone is 950.

Lf is composite 805's parallel final, 805's class
"B": antenna shunt fed steel tower 190' tall.
Studio equipment composite: 3 channel including
3 monitors, 7 preamps, 9 pot mixers. All equipment
is homemade and haven't lost a minute since the first
day.

On some equipment tests received 3 letters from
New Zealand, and have since heard from Ketchikan,
Alaska on 6:45 newscast.

Thanks again

Doyle
