Dear Mr. Brauner:

Thank you for your letter of April 29, stating that you heard our test broadcast of April 28.

KWTX hit the air at 11:00 a.m. Wednesday, May 1st, for its first scheduled broadcast. Since that date we have had many cards and letters from cities as far away as seventy-five and one-hundred miles. This, in spite of the fact that our power is only 250 watts.

Again, thank you for your letter and the best wishes you extend to us.

Sincerely yours,

M. N. Bostick
