Dear J.W.

Received your fine and interesting letter this 12th day of Jan-50 and was of course glad to hear from you and to hear that my little 'ole program gets as far as near Buffalo.

I'm not much of a letter writer and much less a typist so you will have to struggle thru this as best you can. The weather is usually a well talked subject so we will start by saying that is fairly warm here, had rain yesterday but expect it to get colder in a few days.

Am so sorry that no one has bothered or taken the time to answer you but am sure it was just a case of forgetfullness or over work on their part.

I certainly do recognize the various statements you have written you heard on my program on Jan. 9. I used to have a lot of telephone requests on my show but it came to a fast halt when th boss discovered that it was causing too much confusion.

Thank you very much for the appreciation you express of my program and hope you enjoy easy and comfortable listening in the future;

I remain sincerely yours,

Tom Payne
