SERVING THE NEW RIVER VALLEY AND SURROUNDING TERRITORY

NARROWS---PEARISBURG, VIRGINIA

September 25, 1953

Hi Brauner,

Received your letter and I did do a frequency check on September 21, 1953.

All you said in your letter is correct and I did not use any music.

We are a daytime station only and our power is 1000 watts 990kc.

Hope your job and your DX is coming along fine and if you care to listen again we are on every third Monday of the month with our regular frequency check.

Well by for now and the best of luck in your DX work.

Yours Truly,
Washington Elitchko
Chief Eng.
