Williamsville 21, N. Y.

Dear Sir:

This is to verify your reception report of February 1, 1953. We went on the air at 5:45 with station identification followed by a 1000c audio modulation signal. The station breaks were at approximate 2 minute intervals followed by the 1000c audio signal.

We were on the air for a frequency check. Our regular hours are as listed by the Federal Communications Commission for daylight operation.

Thanking you for the report, I remain,

Yours sincerely,

Glen Frazier  
Chief Engineer  
Radio Station WRAP
