Dear Sir:

In reply to your communication of Oct. 14, wish to state that station WPOR is operated by WTAR Radio Corp. Norfolk, Va. and is only on the air when we broadcast from Portsmouth, Va. which is right across the river from Norfolk. So far this year there have only been three or four broadcasts using these call letters, and there are so few occasions when we have need for them that stamps have never been made up for WPOR.

As WSEA is off the air here now, WTAR is the principal station in this vicinity, and we are centering our effort at improving our programs, so will appreciate any reports of reception from you after hearing WTAR.

Thanking you for your interest we are,

Yours very truly,

WTAR Radio Corp. Norfolk, Va.
