Williamsville 21, New York

Dear Mr. Brauner:

This will verify your reception of our station on the morning of March 23, 1946 between 0145 and 0150 EST during our test period. The announcements listed in your letter have been checked against our log and found to be correct.

Thank you very much for your nice letter and I trust that this will be a satisfactory verification from us. I am indeed sorry that this reply has been delayed, but feel that you will understand that getting a new station on the air is a full time job. Since I do not have a secretary and we have not had verification cards printed as yet, I was forced to set aside some of the replies until I could find the time to take care of them.

May I again thank you for the report and extend the best wishes of myself and the entire staff here at WTON.

Sincerely,

Rex C. Houser
