Dear Mr. Brauner:

Thank you for your report on reception of WHWB. Indeed you did hear WHWB from your letter so this is your verification of reception.. Williamsville, familiar place to me. Millersport, Lockport, and the other ports to Rochester, I know them all.

I wonder if you might be related to a Sam Brauner of Luzerne, Penna. My home is in Kingston, Penna and Sam is my landlord. Coincident I suppose to get a letter from someone with the same name.

If you ever travel this land of ours and pass near here, stop in and say hello.

Again, thanks

yours very truly
