J.W. Brauner
23 Howard Ave.
Williamsville 21, New York

Dear Mr. Brauner:

Thank you very much for your letter of November 23.

Yes, KOMW was on the air at 1 A.M.. November 23rd. That was our regular frequency check with Point Reyes Station, California. We make these checks the forth Friday of every month, at 1 A. M. Should you ever desire to listen to us again, you will find us on at that time. Perhaps, some of your friends are DX listeners. You might pass that information on to them. It may help them add another station to their records.

Sorry that you were unable to hear us last winter. Could it be that you tried on the wrong night?

Thanks again for the letter. I am happy that you were able to hear us.

Yours very truly,

Kirk W. Springer
