Williamsville, N. Y.

Dear Mr. Brauner:

This will verify your correct report of reception of this station. We are pleased that you were able to pick us up with such good strength at your distance. Incidentally, yours is the most distant report we have received thus far from within the United States. We were heard in Skagway, Alaska, and have not checked the distance on that one.

Thanks for your report. These 1:30 to 1:45 a.m. frequency checks are a nightly occurrence at present, until we are notified by the FCC that they are no longer necessary.

Sincerely yours,

Radio Station KONP
