Mr. J. W. Brauner  
23 Howard Avenue  
Williamsville 21, N. Y.

Dear Mr. Brauner:

It has taken me so long to answer this I suppose I better make it good, so I will cross my fingers and begin.

Sorry to hear W.H.A.S. was running interference. They also interfered with a DX'er in River Forest, Illinois. According to your report, your clock didn't quite agree with mine but everything seems to be ok. So I think it is quite safe to say it was KTAC you were listening to. After 1:00 we were on the directional pattern beaming our signal northwest.

Thanks again for your interest in our program and your nice letter.

Sincerely,

Dick Velo, Chief Engineer
