December 18, 1943

Mr. J. W. Brauner
17 Spring Street
Williamsville, N. Y.

Dear Mr. Brauner:

We were very glad to receive your letter reporting the reception of our Nov 14th early morning program. The press of other work has necessitated the delay in acknowledgment and this letter will serve as verification of your reception.

Yes we also still have your letter of March 11, 1942 reporting on our early morning frequency check of that date. I am glad you had better listening on the Sunday morning program. Earnest R. Cooper, Brooklyn member picked the time as being the period of minimum 1490 KC interference. I am also you enjoyed the program as much as you did. I had hoped they would have played more marches or semi-classical, but the temptation was to play dance music, all-right.

You will probably interested to know that WIGM, Medford, Wis., will put on program, same time, same frequency, Sunday January 30th. I have already written to Earnest, to inform him of such.

Sincerely,

Nathan Williams
Station Engineer
