Dear Mr. Brauner:

This is to verify your report of WRIT(not WRIP) on March 29,1955.
Your report checks with our log for that period.

You are right in the facts of WEMP's move to 1250/ They bought
the facilities of WCAN which went off the air. In turn we bought
WEMP&S facilities and are operating on their old frequency of 1340KC.

Thanks again for the report.

Sincerely,

Ralph M Ingraham
Techinal Supervisor
