My dear Mr. Brauner:

RADIO STATION WSHE verifies your hearing
WSHE on equipment tests on November 3rd, between
2:35 and 2:50 a.m.

WSHE operates on 950kc daytime using Gates
equipment.

We are now doing our directional and non-
directional performances, and as soon as
these are submitted to the FCC in a week
or so, we will be on for a ten day nighttime
testperiod after 1 o'clock.

We welcome further comments and thanks very
much.

Truly yours

David A. Bensman
