Dear Sir:

I received your interesting letter today. I was very much surprised to find out about your reception of WSPT. I am grateful to you for dropping me a line and letting me know about it.

WSPT is a daytime station with sign on and sign off varying with the month. Our November, time is 7:00 a.m. to 4:30 p.m. As you know we operate on 1010 KC, on a power of 1000 watts. We changed from 250 to 1000 watts last April. We operate a Gates LC-BT Transmitter.

Your description of our programming is correct. Again I say thanks for the interesting letter.

Very truly yours,

Don DuChene
Chief Engineer, WSPT.
Stevens Point, Wisc.

P.S. I hope you have good reception of WSPT, in the future, Good Luck.

MD/DD
