Andrew Hertel

MANAGER OF WTMJ.

Dear Radio Listener:

It is letters such as yours which guide us in the preparation and broadcasting of WTMJ programs. And at the present time, with our station operating on its changed wave length with the new equipment recently installed, we are especially interested in remarks as to quality of reception.

We want you to regard WTMJ as *your* station. Feel free to comment on the programs at any time. Tell us your likes and dislikes—the features which appeal to you and any which do not. It is only through the co-operation of listeners that the best possible service can be rendered.

Tune in WTMJ regularly and enjoy many fascinating hours of entertainment. If you have in mind any entertainment suggestions, or are desirous of having certain musical request numbers played in WTMJ programs, rest assured your communications will receive prompt attention.

Cordially yours,

DIRECTOR,

Station WTMJ.

P. S. Any correspondence received at WTMJ regarding programs sponsored by the National Broadcasting Company or other radio associates of The Journal are promptly forwarded to these organizations for their attention.
