Williamsville, N.Y.

Dear Mr. Brauner;

We had your letter and do not seem to have had a previous communication from you.

We have not yet arranged for Ekko stamps but are using the above system for the time being.

We thank you for your report on our new apparatus and are glad to know both the quality and volume reached your section well.

The reception by you is therefore verified since it is correct.

Cordially yours,

CHARLESTON RADIO BROADCASTING CO.
