Dear Sir:

This will confirm your reception of KOWB's signal on
December 29, 1952.

This was not the regular frequency check. It was the
annual performance measurement. Our frequency check is made
the first Thursday of each month from 1:15 to 1:35 A.M. M.S.T.

Thanks for your report.

Sincerely,

L. O. Smith, Manager
KOWB
