

May 15, 1970

Mr. Robert Karchevski,
Member, National Radio Club,
577 Clarinada Ave., #14
Daly City, California 94015

Dear Mr. Karchevski:

Thank you for your reception report
of May 11th 1970, which I would like to
confirm as correct. (4:09am to 5:04 am MDT).

CHQR operates on a frequency of
810 Kilocycles with a power of 10,000 watts,
day and night. Night radiation is primarily
North. The transmitter location is twelve miles
South Southwest of Calgary City centre.

Our transmitter is a Continental
Model 316 - C and operates into a four tower
in-line array, four degrees East of North. Each
tower is three hundred feet high with a spacing
of 303.5 feet.

We appreciate reception reports
such as yours and hope that you may tune us in
again at some future date.

Sincerely,

RADIO CHQR

Mel Hoyme,
Technical Director

MH/kj
