Dear Robert,

Thanks for your report of reception of KERN. Our logs for December 19, 1971 confirm your report.

KERN has been on the air here in Bakersfield since 1932. We are on the air 24 hours a day. Our format is top 40 exclusively.

The transmitter is an RCA BTA 1-R at 1 kw output, and the antenna is a single 300' tower giving us a non-directional pattern.

Good luck and DX,

John Barcroft, WA6ZJC
Chief Engineer
