Dear Sir:

This will verify your reception report of KRED Radio,

on April 27, 1970.

KRED Radio operates on 1480 kcs, 5,000 watts day and night.
Our transmitter tower is located on the shores of Humboldt
Bay.

KRED Radio serves the northwest coast of California, right
in the center of the famous redwood lumber industry. We
also have a substantial commercial and sports fishing industry,
both ocean and river fishing. We have fine dairy herds in
addition to beef cattle and sheep.

When you visit the new Redwood National Park, please stop by
in Eureka and inspect our station.

Best regards,

Paul Hoff
Vice President & Manager
