

April 30, 1964

Dear Mr. Karchewski

We received your very fine report concerning our Radio Station ZFB-1.

Let me say that we started broadcasting on August 29, 1962, on 960 Kcs. signing off at 2.00 A.M. on Sundays, and commenced all night broadcasting on November 19, with a power out-put of one thousand watt (effective radiating 870 Watts ).

Checked log and am verifying your report.

Once again we thank you very much for your correspondence.

Yours Sincerely,

*M.E. Sheppard.*

M.E. Sheppard

General Manager.

P.S. Would like to hear how home radios are receiving us.
