Dear Sir,

This to confirm the report recieved from you in reference to our signal on 15 Oct. 62. The material that you copied was our news cast and sign off.

We were running 1KW at the time and were directional towards the Atlantic Coast. Our daytime power is 5KW with about the same directional characteristics. Our FM station operates with an erp of 25.5KW on 96.9.

Again we are pleased to hear from you and hope that this note answers the purpose of confirmation.

Yours truly

Marion R. Hales
