Dear Bob:

Many thanks for the excellent report of your reception of our early morning test transmission of February 27th. We appreciated hearing from you and thank you for the kind remarks.

All items listed in your report were in agreement with our logs. Please consider this official verification of your reception of WCPA. In addition we are enclosing a QSL card especially prepared for the occasion. Perhaps it will find a spot on the wall of your den!

More than fifty reports were received. The most distant came from Houston, Texas. Three came from Florida. Bob Foxworth sent us a beautiful tape recorded at Raleigh, N. C. where he tuned CHML out almost completely. Despite generally poor conditions we considered the morning a success. We are grateful to seven who made phone calls and to members of the National Radio Club.

Reports indicate we kinda jarred the DX world a bit with our programming. We wish we could get those kind of letters from our regular daytime efforts!

Sorry I was unable to attend the Mass. DX party. Perhaps we'll meet another time. Meanwhile very best wishes and continued good DXing.

Sincerely,
