Norfolk 11, Va.

Dear RA Karchevski:

Please excuse the above greeting if it's wrong, as I'm not up on Navy rank, etc.

Thanks very much for your report of reception of WBSC. It's rather unusual for our signal to reach as far as Norfolk after we assume our directional pattern, cut power to 5,000 watts. Nighttime, we broadcast in roughly a South-SouthEast directional pattern.

However, according to our program log, your report is correct. The advertisement was for B.C. Moore and Sons, and for B.C. Headache remedy. The announcement on the board was John S. Gronert, Chief Engineer.

Again, thanks very much for your report. Best wishes in your DX-hunting.

Cordially,

A handwritten signature in red ink that reads 'Tommy Herndon'. The signature is written in a cursive style.
