November 8, 1971

Dear Mr. Karchevsky,

You did indeed receive us on 213 watts, as shown by the log sheet for the second hour of 9/27/71, on which you will see the change to 10,000 watts logged at 7:15 our time.

And none of us even noticed it!

Thank you for calling it to our attention.

*Lena Blodgett*
