

# WAVY

RADIO / TELEVISION

214 WEST YORK STREET, NORFOLK 10, VIRGINIA

February 2nd, 1962

Mr. R. A. Karchevski  
188 Marlborough  
Boston 16, Mass.

Dear Mr. Karchevski:

This letter is to acknowledge your fine report of reception of our station on January 27th, 1962.

WAVY operates with 5KW of power both day and night on a round the clock basis. We are using a three tower directional antenna system with different patterns both day and night.

We receive many DX reports each month, mostly from the north-eastern United States, the British Isles and quite a number from New Zealand.

We do not have any QSL cards at the present time but hope that this letter will suffice. We would be pleased to hear from you at any time you are able to receive our signal.

Cordially yours,

*Gilbert Hoffman*
