Dear Mr. Karchevski:

KMERadio has received excellent response to a special IRCA test transmitted early Monday morning, December 1st, MST. This letter will verify your reception of our equipment test broadcast.

It might be of interest to you to learn that verification has been received from the eastern and western states, Canada, and as far away as the Hawaiian Islands.

It is interesting to conduct such a test in cooperation with Percy Kesteven, who provided the IRCA taped material, including the Code No. 917.

Perhaps KMERadio will again in the future, be transmitting to your area.

Sincerely,
LINCOLN BROADCASTING CO., INC.
