

-REPUBLIC OF FRANCE-

FRENCH COLONY ISLANDS SAINT-PIERRE & MIQUELON

RADIOTELEGRAPHIC SERVICE

Dear Sir ,

I acknowledge receipt of your letter of the 17th of last December, and thank you for it.

I am happy to assure you that it easily our station F Q N that you heard at the hours you indicate to me.

For your information , here are the characteristics of our station as well as our hours of transmission:

Type Transmitter-M.D.25 French Radioelectric Society
Power in Antenna 220watts
Frequency 574 K c/s.
Modulation by control of the anode
Operated by the Government (French) of the Islands

Saint Pierre Miquelon.

Beginning March 1st, 1934, our radio transmissions, will take place only on Sundays from ~~12:30AM~~ 12:30AM to 2AM (GMT.) These broadcasts will present recorded music, religious, artistic, or scientific talks in French.

Every fourth Sunday of each month an evening of celebration will take place with the contest of amateur artists of the country.

I am entirely willing, if your radio-club desires, to make another special transmission for your country. It is entirely up to your organization to let me know ~~when~~ the date and the time when it desires to listen for us.

Please accept, Dear Sir, the assurance of my best sentiments.

E. VERNHET

SUPER INTENDENT WIRELESS SERVICE .
