

RADIO STATION KICK

C. E. TUTTLE, Manager

RED OAK, IOWA

October 7, 1931

Stuart B. Leland
82 St. John Place
New Canaan, Conn.

Dear Mr. Leland:

Your letter received relative to the reception of our program on the morning of October 1st. We are very glad to hear from you and have noted carefully what you say in your letter about our programs.

No mail coming into our office has more careful attention or is more appreciated than that received from our radio audience. You might not consider your individual comments on our programs important, but we do. We will appreciate you writing us at any time you have any suggestions, and constructive criticisms are always welcome and we are anxious to broadcast the programs you most appreciate.

We are striving hard to make this station a real and valuable asset to this great, rich agricultural section of Iowa. As you know, we are located in Montgomery County in the southwestern part of the state.

Our next program dedicated to our distant listeners will be on the air the night of October 28th, or I better say the morning of October 29th, as our program starts at 12:00 o'clock midnight.

Again thanking you for your comments and your nice letter, and trusting that you will listen in again on our next period of broadcast and write us, we will appreciate it very much.

Most sincerely yours,
Radio Station KICK

M. E. Jones
Assistant Manager & Announcer
For DX Programs

MEJ:BC

P.S. We are going to acknowledge some fan mail from our distant listeners during our next period of broadcast. It is a possibility we will acknowledge your letter.
