

1300 kilocycles

K A L E

500 watts

Dear Listener:

Your report of reception of KALE has been checked against our station log and found to be correct. We thank you for your report and for your interest in our station.

It is gratifying to know that our programs are finding their way into so many distant homes, and we sincerely hope you will favor us with other reports in the future.

We have no definite schedule of late hour broadcasts; however, KALE broadcasts quite often after midnight, Saturday nights, Pacific Standard Time, at 1300 kilocycles.

Sincerely,

Ray Howell
Production Manager.
