

Dear Mr. Leland:

We are very glad to verify your reception of our station the morning of August 30th. 1932

Pardon our delay in this verification, but it had just been overlooked in the press of other matters.

We are always very glad to hear from DXers everywhere, and are glad to verify their reception if they really heard us.

We hope that you may be able to pick us up again someday, and if you do we will appreciate hearing from you.

Kindest regards from Southwest Texas.

Yours very truly,
KGKL, Inc.,
Earle Yates.
