OMAHA, NEBRASKA

MR. LINDBLADE

YOUR LETTER IS CORRECT. KHOZ AM & FM WAS ON THE AIR FOR THE PURPOSE OF MAKING FREQUENCY MEASUREMENTS. THE REASON YOU COULD NOT GET US AT 6:00 IS BECAUSE WE WENT TO OUR PRE-SUNRISE POWER OF LESS THAN 100 WATT. DURING THE DAY AND AT THE TIME YOU HEARD US WE WERE AT 1,000 WATTS. OUR TOWER IS 277 FEET HIGH. YOU MIGHT GET US AGAIN SOME TIME. WE TAKE FREQUENCY MEASUREMENT ONCE A MONTH. NEXT ONE IS THE FIRST SUNDAY IN DECEMBER. WRITE ANY TIME.

WILLIAM B. WILCOX
