

November 15, 1976

Mr. Rolland L. Lindblade
1017 N. 90th St. #2
Omaha, Nebraska 68114

Dear Mr. Lindblade:

We are happy to confirm your contact with KUOA on September 27, 1976, 7:21 to 7:30 p.m. CDT, and to verify the programming through the sign-off announcement.

The Drake SPR-4 must be a pretty efficient receiver-- we recently had a report from a listener using one in Japan, at 9:00 a.m. DST, July 16, 1976. This really was amazing, and we checked with several authorities to get their opinions about a 6m x 10m loop pulling us in at that distance and time.

KUOA is owned and operated by John Brown University, a non-denominational Christian school. The enclosed booklet might be of interest as it gives an idea of our institution. Also enclosed are a coverage map and rate card.

If your hobby should branch into amateur radio operating one of these days we might make contact on the school's Ham Club station, WA5YJV.

Again our thanks for your report,

Yours sincerely,

Hugh Lineback
Hugh Lineback, P.E.

ANOTHER BROWN STATION OF THE AMERICAN HOME

Affiliated with KUOA-FM, KGER, Long Beach, California.
