Omaha, Nebraska 68114

Dear Rolland,

12:45 AM Thank you for your report of reception of KWRF on 1-6-76,
to 12:54 AM CST. I am happy to confirm your report as true
and accurate. We were on the air at that time for our monthly
engineering checks, and frequency check.

We are on the air the first Tuesday of each month for our
regularly scheduled frequency check (12:45 AM to 12:55 AM, CST).

We welcome reports of distant reception of KWRF, as it is
interesting to us to know that we were heard at such distant
locations. Thanks again for your report.

Cordially,

Allen Wiese
Chief Engineer

P.S. Good to hear from Nebraska. I believe this is the first
report we've had of reception in your state. Thanks very
much for the report.
