SACRAMENTO, CALIFORNIA 95814

January 8, 1975

Rolland L. Linblade
1017 North 90th Street
Omaha, Nebraska 68114

Dear Mr. Linblade:

This letter will confirm your reception of KGMS Radio on December 30, 1974.

KGMS operates on 1380 khz, with 1000 Watts of power, Directional Antenna with two patterns, unlimited time.

We use an RCA BTA-1-MX transmitter, with a Collins 20V as an alternate main. Our antenna system consists of three quarter wave towers, spaced one quarter wave, and fed in phase on #1 and 2, and out of phase on #2 and 3, resulting in a symmetrical pattern with maximum radiation East and West.

KGMS is owned by KULA Broadcasting Corporation, which also owns KSFM-Fm in Woodland, California. KSFM operates on 102.5 mhz, stereo, with 50kw ERP.

Thank you for your QSL..

Sincerely,

Gerald P. Feutz,
Chief Engineer
