December 22nd, 1976

Mr. Rolland L. Lindblade,
1017 N. 90th St. #2,
Omaha, Nebraska,
U.S.A. 68114

Dear Rolland:

We are pleased to confirm your reception report of Monday,
December 13th, 1976, from 1:57 a.m. to 2:07 a.m. C.S.T.

C J M E received approval this Fall for an increase in power
to 10,000 Watts from our present 1,000 and we hope to be operating
at 10,000 around mid-January, so you may be able to pick us up
again even with the other Tulsa and Colorado Springs Stations on
the air!

A copy of our current Coverage Map is enclosed but it will, of
course, be outdated very shortly with the increase in power.

Thanks for your report. Merry Christmas and Happy '77!

Sincerely,

DAVE SENFT,
Director of Engineering.
