Miami, Florida 33135  
April 12, 1979

Dear Mr. Lindblade:

We are pleased to confirm your reception report of WRHC for February 6, 1979 at 1:10 AM - 2:00 AM. We were transmitting test tones and ID's for the purpose of equipment maintainance only. Your information was sketchy, but we feel that you were actually hearing this station because of the ID's and because this was really the first time in many months that we have been on the air at that time of the morning.

73 & Good Listening
