Omaha, Nebraska, 68114

Dear Sir:

This is to verify that WJTH was on the air running a DX test for the National Radio Club on February 12, 1979 from 1:28 to 2:05 AM EST. You heard the ID given at 2:01, our phone number, the last record, and the sign off. I wish you could have heard more of the test. Of the seventeen National Radio Club members who have responded to the test so far, you are not the only one who heard only the five extra minutes I ran at the end of the test.

WJTH is a 1000 watt daytime only station. We have only been on the air since June 16, 1977. We hope you hear us again sometime.

Sincerely,

*John G. Cunningham*  
John G. Cunningham  
Chief Engineer  
WJTH Radio
